ROLLING HILLS PLANT COMPANY OVERVIEW

1, Rollinhills Plant Company Overview

Rollinghills Plant is a 30-year-experienced family-owned local Chinese company specializing in ornamental plant export and comprehensive landscape solutions, boasting an 80-hectare large-scale production base for professional seedling cultivation.

2, Core Business

We are dedicated to supplying high-quality seedlings tailored for municipal greening and real estate development projects.

3, Key Cooperative Clients

We have been maintaining long-term and stable partnerships with a host of leading enterprises including Huawei, China Overseas Property, Vanke, and Shanghai Construction Group.

4, Quality & Compliance Assurance

We are equipped with advanced phytosanitary inspection equipment and a professional technical team, and strictly adhere to the phytosanitary standards and regulations of importing countries.

5, Market Layout

Our products have been exported to Central Asia, West Asia and beyond, and we are actively seeking more partners to expand our global footprint together.
